

### Theme song for nepaldalitinfo network

*At the point of initiation,  
We set our final destination.*

*We vow to use our info-net to attain “education”  
And then to work upon our “organization”*

*Singing against the oppression with Sarangi’s string,  
Liberty and equity, we are destined to bring.*

*We shall embark on an exacting path of “struggle”,  
Declaring solidarity with the Sahanai’s bugle*

*Armed with the technology that’s our inherited impulse  
And the ‘Khukuri’, our tool made by no one else.*

*Our movement shall follow Ambedkar’s definition  
To get to our final destination.*
